	WestLin 60		2016	Nutrien Ag Solutions	available in 2021	32	92	94	94	87	100	-1	G

Other registered flax varieties are: AC Carnduff, AC Emerson<sup>€</sup>, AC Linora, AC McDuff, AC Watson, Hanley<sup>€</sup>, Macbeth, McGregor, NorLin, Prairie Grande, Shape, Taurus and Vimy.

Agronomic data was compiled from the 2020 Manitoba, Saskatchewan and Alberta seed guides.

Individual varieties are only directly comparable to CDC Bethune because not all varieties were grown in the same field trial in the same year.

\*all varieties are immune to flax rust and are moderately resistant (MR) to Fusarium wilt and powdery mildew unless otherwise noted.

<sup>§</sup>resistant (R) to powdery mildew

<sup>€</sup>resistant (R) to Fusarium wilt

<sup>‡</sup>moderately susceptible (MS) to powdery mildew

<sup>u</sup>F=fair, FG=fair to good, G=good, VG=very good
